PROFILE

I am a final year student at UTCN and I am looking for an opportunity to start my career in software development, so I want to be part of a beautiful environment, surrounded by professional and dedicated people, being willing to work in a team, and, most importantly, to learn as much as possible!

TECHNICAL SKILLS

Programming Languages:

- C/C++
- Java
- JavaScript
- HTML&CSS
- SQL

Basic knowledge:

- .Net
- Spring
- Android
- Python
- Matlab
- RPA
- OrCad

SOFT SKILLS

- Problem-solving
- Attention to detail
- Ability to work independently and in a team environment;
- Good communication and teamwork skills
- Good organizational skills

LANGUAGES

- English: Level B2 (intermediate)

EDUCATION

2016-2020

HIGH SCHOOL

Theoretical High School of "Pavel Dan"

Mathematics&Informatics

2020-Present

TECHNICAL UNIVERSITY OF CLUJ-NAPOCA

Faculty of Electronics, Telecommunications and Information Technology

PROJECTS

In the link below, I uploaded several projects and homeworks that I developed during my studies at the technical university.

<https://github.com/ManolacheBogdan>

On my github profile, I have a project that I made while I was an apprentice at Endava, representing a ticket sales management application, using Java Spring and .Net for backend, implementing some required endpoints, and creating an Android Application using Android Studio, and a Web application, using Html, Css and Vanilla Js.

COURSES

- Complete Python Developer in 2023: Zero to Mastery (in progress)
